

The Turentine Family

Shasta is mother to Koreya (15) and Shasta (13). She works in sterile processing and attends Indiana Missionary Baptist. She enjoys family time. Her children are involved in volleyball and enjoy going to watch basketball games.

My name is Shasta D. Turentine. I am a single mother of two wonderful girls. I think I am a good candidate for a Habitat home because I am a hard worker, reliable, and a dependable young woman. I have lived on my own since the age of 19 and have had several apartments on my own. I have never been evicted from any apartment that I have ever rented. I have been on my job for over 20 years. I am at a point in my life where I am ready to become a homeowner. I want to show my girls that hard work pays off. I am a fast learner, so I am ready to learn home maintenance and budgeting. Even though I have no experience with construction related tasks, I am ready to learn and improve myself. I'm excited about this adventure and ready to learn something new that I can show my own kids.

What does homeownership mean for your family?

I have property to leave my children when I die.

What goals will you set once in your new house?

To pay it off.

What are you most looking forward to in your new home?

The experience of having my own home.
