

Thank you email to donors:

Dear <DONOR NAME>,

A heartfelt thank you for your donation to my Greater Indy Habitat Women Build fund and for helping me surpass my goal! As a participant, each builder is required to raise \$250, however I set a personal goal of \$<XXX> – and with your gifts I raised \$<XXX>! You are helping us provide TWO homes this year through Women Build for hardworking families.

Thanks to your support, this summer I will be building alongside two future homeowners, April and Neontae, as they improve their lives through the opportunity of homeownership. Together with nearly 400 women in our community, we are building strength, stability, and independence for local families!

Please visit [indyhabitat.org](http://indyhabitat.org) to learn more about the Greater Indy Habitat mission and check out [indyhabitat.org/women-build](http://indyhabitat.org/women-build) to learn about past and current Indy Women Build projects.

Again, thank you for your support – and I know our Habitat homebuyers thank you as well!

Signed,  
<LEADER NAME>
