

# Building Futures

*People-Centric Solutions for Affordable Homeownership*

*We invite you to save the date for our 2023 speaker event with Dr. Andre Perry. As a Brookings Institution senior fellow, Dr. Perry will discuss his research on the devaluation of assets in Black neighborhoods and how homeownership works to close the growing racial wealth gap in America. The evening will include a panel of experts to discuss local efforts to increase homeownership and asset-building.*
